- 4.2.4 If a customer provides inaccurate, incomplete, forged, or outdated personal information, the service provider is entitled to request the customer to update the information or refuse to provide the service.
- 4.2.5 In the event of customer verification using forged documents that do not meet the requirements set in Clause 4.2.3 of these Terms, the service provider is entitled to claim compensation for any loss or damage incurred by the customer's parents and legal guardians.
- 4.2.6 Upon customer verification of personal information, we reserve the right to obtain, process, retain, use, and review the individual's trade history to prevent money laundering, terrorism financing, fraud, scams, or other economic crimes, as well as for sending marketing and promotions.
- 4.2.7 The customer is obligated to update their personal information whenever there is a change, and any costs incurred due to the inability to access the account resulting from such changes shall be borne by the customer.

FIVE. OPENING TRADING ACCOUNT AND CONDUCTING TRANSACTIONS

5.1 Opening trading account

- 5.1.1 Customers who have verified their personal information may open either a trading account or a demo account based on their needs.
- 5.1.2 When opening a trading account, the customer must choose the trading platform (MetaTrader 5 or cTrader) and select the leverage (ranging from 1:50 to 1:500).

5.2 Deposit

- 5.2.1 The minimum deposit amount for a customer's trading account shall be \$25 (at the daily spot exchange rate).
- 5.2.2 A deposit of 5 million MNT or below will be transferred within 1-5 minutes of the same day regardless of business hours.
- 5.2.3 The customer is not required to verify personal information when conducting a deposit below 5 million MNT.
- 5.2.4 Customer deposits of 5 million or above will be processed after 17:00 hours of the same day.
- 5.2.5 Customers are required to verify their personal information for deposits of 5 million MNT or above.
- 5.2.6 The transaction amount for the customer will be equal to the deposit request.
- 5.2.7 For deposits of 20 million MNT or above, the Service Provider shall create a record and confirm the deposit.
- 5.2.8 If the customer submits a deposit request through cryptocurrency, the withdrawal can only be made in cryptocurrency, and if the deposit is made through a bank transfer, it can only be expensed through a bank transaction.

Bank deposit

- 5.2.9 The customer should enter the registered email account as the subject of the transaction, and in case of typos, the deposit will be unsuccessful.
- 5.2.10 The customer can only initiate deposit transactions from the bank account under their name, and deposit requests made from another person's bank account will be unsuccessful.
- 5.2.11 If the customer conducted a transaction below the amount stipulated in section 5.2.1 of clause 5.2 or initiated a mistaken transaction, the customer's deposit transaction will be reversed within 2-3 days.

5.2.12 If a third party transfers a deposit to the customer's account, the Service Provider may take measures such as imposing a ban on the customer's trading account, limiting or restricting login, including in the blacklist, terminating the agreement, or reporting to the relevant law enforcement agency.

Cryptocurrency deposit

5.2.13 The Service Provider will process the customer's cryptocurrency transactions through licensed third parties.

5.2.14 The Service Provider shall not be held liable for any mistakes in the cryptocurrency address provided by the customer.

5.2.15 Customers may transfer deposits only from their own cryptocurrency address, deposit requests made from a third-party cryptocurrency address will be unsuccessful, and the deposit request will be processed successfully when the customer sends their transaction screenshot to the official Facebook address of the Service Provider.

5.2.16 If the customer conducts a deposit transaction below the amount stipulated in section 5.2.1 of Clause 5.2 of this agreement, the deposit will be reversed within 2-3 business days by deducting the corresponding withdrawal.

5.2.17 If a third party transfers a deposit to the customer's account, the Service Provider may take measures such as temporary suspension, termination, or invalidation of the customer's account and file a case with the relevant law enforcement agency.

Card deposit

5.2.18 Depending on the deposit amount, the deposit will be transferred to the Customer's trading account within 1-15 minutes.

5.2.19 The Customer may deposit funds to the trading account only using Visa, Master, or UnionPay cards under their name, and verifying the PIN will be deemed as card verification.

5.2.20 In case the customer makes a mistake in the deposit amount, the Service Provider shall not bear any liabilities.

5.3 **Transaction**

5.3.1 The Customer has the flexibility to transfer funds between their own accounts; however, transfers to third-party accounts are not permitted.

5.3.2 The Customer's transfer request shall be resolved within 12 business hours.

5.4 **Withdrawal**

5.4.1 The minimum withdrawal amount shall be \$10 (at the daily spot exchange rate).

5.4.2 The Customer's withdrawal request will be processed within 12 business hours and transferred to the Customer's trading account. Depending on the transaction amount and withdrawal type, the withdrawal request processing may be delayed for reasons irrelevant to the Service Provider.

5.4.3 If the customer submits a deposit request through cryptocurrency, the withdrawal can only be made in cryptocurrency, and if the deposit is made through a bank transfer, it can only be withdrawn through a bank transaction.

Bank withdrawal

5.4.4 The withdrawal request of the customer, whose personal information has been validated, can be processed successfully and can only be transferred to the bank account held under their own name at the retail bank.

5.4.5 If the customer conducted a transaction below the amount stipulated in section 5.4.1 of clause 5.4 or has an active trade, the customer's deposit transaction will be unsuccessful.

5.4.6 If the Customer makes a withdrawal request from a third person's account, the Service Provider shall take measures such as temporary suspension, termination, or invalidation of the customer's account and file a case with the relevant law enforcement agency.

Cryptocurrency withdrawal

5.4.7 The Service Provider will process the customer's cryptocurrency deposit and withdrawal transactions through licensed third parties.

- 5.4.8 The Service Provider shall not be held liable for any mistakes in the cryptocurrency address provided by the customer.
- 5.4.9 The Customer may conduct a withdrawal transaction to a cryptocurrency account under their name, and a withdrawal request to a third person's account will be unsuccessful. The withdrawal request will be processed successfully within 12 business hours after the customer sends their transaction screenshot to the official Facebook address of the Service Provider.

Card withdrawal

- 5.4.10 The card (crypto) withdrawal can be processed only if the customer deposits through a card.
